### AMH admitted 5,360 patients in 2010

Auburn Memorial Hospital (AMH) is a not-for-profit, 99-bed acute care facility serving a population of approximately 80,000.

AMH is the sole provider of acute and general hospital services in Cayuga County and the surrounding areas, located in the Finger Lakes region of Central New York.

Founded in 1878 by a group of community-minded individuals who recognized the growing health care needs of Auburn and Cayuga County, the original 13-bed hospital was called Auburn City Hospital, located at the current site on Lansing Street.

Specific clinical services offered by AMH include emergency care, intensive care, coronary care, laboratory services, maternity, pediatrics, psychiatric services, orthopaedics, respiratory and physical therapy, radiology, inpatient and outpatient surgery, wound treatment, cardiac and pulmonary rehabilitation, cardiovascular lab services, medicine and neurological and stroke care.

Radiology Services performed 54,000 procedures in 2010, and the AMH Laboratory performed 609,301 tests and/or procedures.

**AMH treated  
20,950 patients in its  
Emergency Care Unit  
and 18,700 patients  
in the two AMH urgent  
care centers in 2010.**
