AMH admitted 4,652 patients in 2007.

Auburn Memorial Hospital (AMH) is a not-for-profit, 99-bed acute care facility serving a population of approximately 80,000.

AMH is the sole provider of acute and general hospital services in Cayuga County and the surrounding areas, located in the Finger Lakes region of Central New York.

Founded in 1878 by a group of community-minded individuals who recognized the growing health care needs of Auburn and Cayuga County, the original 13-bed hospital was called Auburn City Hospital, located at the current site on Lansing Street.

Specific clinical services offered by AMH include emergency care, intensive care, coronary care, laboratory services, maternity, pediatrics, psychiatric services, orthopaedics, respiratory and physical therapy, radiology, inpatient and outpatient surgery, diabetes care, wound treatment, cardiac and pulmonary rehabilitation, cardiovascular lab services and medicine.

Radiology Services performed 62,500 procedures in 2007, and the AMH Laboratory performed 475,642 tests.

Caring...Close to Home

AMH treated 19,180 patients in its Emergency Care Unit and 18,539 patients in the two AMH urgent care centers in 2007.

Fast Track Service

is now available in the Emergency Room.

More than 6,800 operating room procedures were performed in 2007, 5,763 through outpatient surgery.

The AMH team is made up of more than 800 employees and 139 medical-dental practitioners in private practice, representing most specialties.

The hospital offers a full range of inpatient and outpatient services, including state-of-the-art medical, surgical, and rehabilitation technologies.

AMH also provides services through approximately 90 volunteers, who offer an extra dimension of care.
